

SchoolPower's popular Student Directory is published annually and gifted to over 2,000 families in the Laguna Beach school district at the start of each school year. Full of student and school contact information, the Directory is a resource parents refer to consistently throughout the year.

A key feature is a **listing of local tutors** like the example below. For a \$75 fee, tutors are included in the Directory listing which is also posted on the SchoolPower website. Tutors who place an advertisement in the Directory receive a free boldface listing. (For advertising information and rates, which start at \$200, please contact the SchoolPower office.)
